Royal executive.

Al centro del nostro lavoro e del nostro ufficio c'è sempre un grande protagonista: il tavolo. Uno spazio importante, pensato per incontrare, creare, produrre. La base d'appoggio dei nostri pensieri, dove costruiamo nuovi progetti, e che esprime il nostro stile. Royal è la famiglia di tavoli e scrivanie direzionali che Seipo ha ideato per esprimere il valore con varietà di forme, spessore generoso, soluzioni modulari e finiture eclettiche.

At the center of our work and office there is always a great protagonist: the table. An important space designed to meet, create and produce. The supporting base for our thoughts, where we build new projects and express our style. Royal is a series of executive tables and desks that Seipo has designed to express value with a variety of shapes, generous thickness, modular solutions and eclectic finishes.

Royal executive presidenziale

Royal executive managerial

Piano, fianchi, frontale, servente in melaminico finitura tortora, frontale e retro servente finitura noce scuro.
Desk top, sides, front panel and service unit in taupe finish, large front panel and backside of the service unit in dark walnut finish.

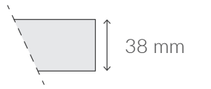

ROYAL EXECUTIVE PRESIDENZIALE - ROYAL EXECUTIVE MANAGERIAL

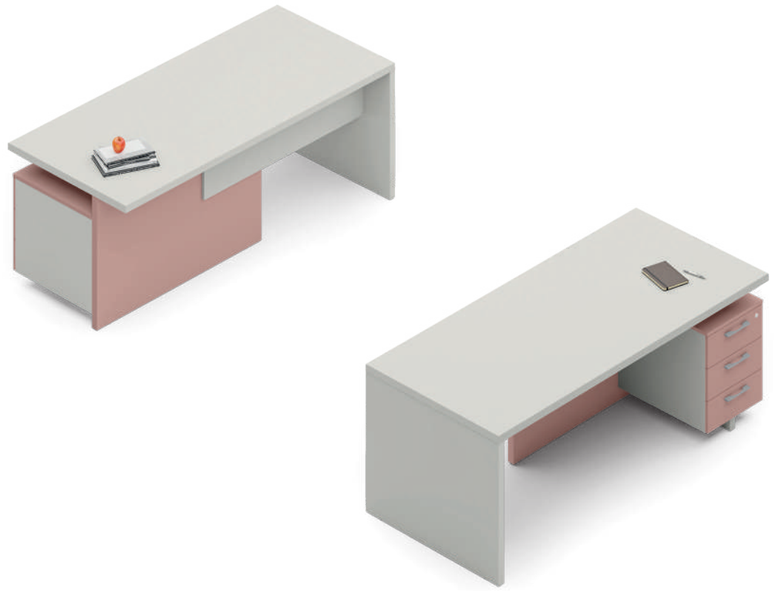

Una personalità di spessore

A distinguished personality

Come tutta la famiglia Royal, questa presidenziale ha uno spessore importante, di 38 mm, che conferisce pregio alle tre nuove versioni: scrivania, scrivania con cassettiera e scrivania con servente integrato. I piani in melaminico, profondità 900 mm, sono in diverse lunghezze e con finiture a scelta.

Like the entire Royal series, this executive one has a significant thickness of 38 mm which gives value to three new versions: desk, desk with chest of drawers and desk with an integrated service unit. The tops are in melamine with a 900 mm depth with different lengths and choice finishes.

Piano fianchi e cassettiera in melaminico finitura grigio, top cassettiera, frontali cassetti e frontale in melaminico finitura extra.
Desk top, sides and chest of drawers in grey finish, large front panel and chest of drawers top and fronts in extra melamine finish.

Piano fianchi e frontale in melaminico finitura rovere chiaro, fianco e frontale in melaminico finitura bianco.
Desk top, sides and large front panel in light durmast finish, small panel and side in white finish.

Cabinet system series in black melamine finish with etched glass doors and black handles.

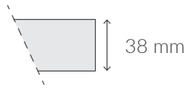

ROYAL EXECUTIVE - ROYAL EXECUTIVE

Le forme dell'ergonomia

Ergonomic shapes

Fanno parte della famiglia Royal Executive i piani di lavoro e fianchi, sagomati e lineari, che permettono di organizzare e vivere al meglio gli spazi, offrendo sempre la solidità dei loro spessori, con finiture da scegliere tra tinte unite, venati e finiture materiche.

Work tops and sides, shaped and linear, are part of the Royal Executive series which allow to organize and enjoy spaces to the fullest, offering always solidity for their thicknesses with finishes to be chosen among solid colours, veined and material finishes.

ROYAL RIUNIONE GAMBE IN MELAMINICO - ROYAL MEETING WITH MELAMINE LEGS

La riunione fa la forza

Meeting generates strength

Gli incontri importanti meritano tutto lo spazio offerto dal nuovo grande tavolo riunione Royal, lungo 4500 e 6000 mm, con spessore 38 mm e gambe in melaminico. Tutto personalizzabile con finiture a colore pieno, venature o materiche. Il vano sotto piano consente la salita dei cavi. Le fasce centrali sono in melaminico o rivestite in vera pelle, con possibilità di aggiungere accessori per elettrificazione.

Important meetings deserve all the space offered by the new large Royal meeting table, 4500 and 6000 mm long with a 38 mm thickness and melamine legs. All customizable with full colour, grain or material finishes. The compartment under the top allows for the cables to rise. The central strips are in melamine or upholstered in genuine leather with the possibility of adding electrification accessories.

DESCRIZIONI TECNICHE

Scrivanie

Piani realizzati in:

•Conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore 38 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore del piano, spessore mm 2 con spigoli arrotondati secondo le norme anti-infortunistiche.

•Vetro temperato spessore mm. 10, bordi perimetrali smussati a filo secondo le norme anti-infortunistiche.

Fianchi lineari e sagomati, in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 38 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore del fianco, spessore mm 2 con spigoli arrotondati secondo le norme anti-infortunistiche. I fianchi sono collegati ai piani tramite giunzioni metalliche e sono dotati di piedini livellatori in ABS. Traversa sotto il piano in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali dello stesso colore del fianco in ABS spessore mm 0,4. La traversa è collegata ai fianchi e al piano a mezzo giunzioni in materiale metallico. Disponibile eventuale traversa a copertura totale della parte anteriore della scrivania.

Struttura metallica composta da gambe in tubo quadro di sezione 80x80 mm verniciata a polveri epossidiche bianco, grigio o antracite, dotata di piedini livellatori, travi fisse sotto il piano in tubolare metallico quadro 30x30 mm, verniciata a polveri epossidiche grigio. Disponibile eventuale modesty panel anteriore.

Cassettiera portante solo per appendici, realizzata in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza, bordo perimetrale in ABS spessore mm 0,4. Frontali in conglomerato ligneo spessore mm 18, bordati in ABS mm 1 da tutti i lati. Maniglie in zamac colore bianco, grigio o antracite. Interno cassetto in melaminico rivestito in PVC finitura grigio alluminio; guide metalliche trattate anticorrosione e arresto di fine corsa. La cassettiera è dotata di 4 piedini regolabili ed è fornita di serratura con chiave pieghevole in duplice copia a chiusura simultanea dei cassetti. I cassetti possono essere dotati di chiusura ammortizzata (opzionale).

Gamboni portanti per appendici o penisole, in tubolare quadro 80x80 mm verniciati a polveri epossidiche colore grigio o antracite e sono dotati di piedini livellatori. *Su tutti gli arredi, ove possibile, possono essere applicati fori passacavi, flap ed elementi di elettrificazione presenti nella sezione "accessori".*

TECHNICAL DESCRIPTIONS

Desks

Tops made of:

•Class E1 formaldehde gas release conglomerated chipboard wood with 38mm thickness and covered with high resistance melamine paper. ABS 2mm thick perimeter edging in the same colour as the top, the corners are rounded and comply to accident prevention standards.

•Tempered 10 mm glass with bevelled and flushed perimeter edging which complies to accident prevention standards.

Linear and contoured sides made of class E1 formaldehde gas release conglomerated chipboard wood with 38mm thickness and covered with high resistance melamine paper. ABS 2mm thick perimeter edging in the same colour as the sides, the corners are rounded and comply to accident prevention standards. The sides are connected to the top by means of metal junctions and are equipped with ABS levelling feet. The under top cross panel is made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper. ABS 0,4mm thick perimeter edging in the same colour as the sides. The cross panel is connected to the sides and top by means of metal junctions. A cross panel which covers the entire frontal part of the desk is available.

The structure is made of square tubular white, grey or anthracite epoxy powder coated metal 80x80mm equipped with adjustable feet, the grey epoxy powder coated tubular metal under top crossbeams are 30x30mm. A front modesty panel is available.

Structural chest of drawers for return desks made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper, ABS 0,4mm thick perimeter edging. The fronts are made of 18mm thick conglomerated chipboard wood with 1mm ABS edging on all sides. The handles are in white, grey or anthracite zinc alloy. The inside of the melamine drawers are coated with an aluminium grey PVC finish and have guided anti corrosion treated metal runners. The chest of drawers is equipped with 4 adjustable feet and simultaneous drawer locking by means of a foldable key in duplicate copies. The drawers can be equipped with a cushioned closure (optional).

Structural legs for return desks made of square tubular grey or anthracite epoxy powder coated steel legs 80x80mm equipped with leveling feet.

Cable duct holes, flaps ad all electrification elements may be applied (where possible) on all furnishings, see the "accessories" section.

Colonne diametro mm 120 con base tonda diametro mm 700 verniciati a polveri epossidiche colore bianco, grigio o antracite.

Gamboni portanti per appendici o penisole, in tubolare quadro 80x80 mm verniciati a polveri epossidiche colore bianco, grigio o antracite, dotati di piedino livellatore. Fascia centrale tavoli riunione da 4500-6000 mm rivestita in pelle o in conglomerato ligneo spessore 38 mm, nobilitato con resine melaminiche. *Su tutti gli arredi, ove possibile, possono essere applicati fori passacavi, flap ed elementi di elettrificazione presenti nella sezione "accessori".*

Meeting tables

Linear or contoured tops made of class E1 formaldehde gas release conglomerated chipboard wood with 38 mm thickness and covered with high resistance melamine paper. ABS 2 mm thick perimeter edging in the same colour as the top, the corners are rounded and comply to accident prevention standards. Linear sides made of class E1 formaldehde gas release conglomerated chipboard wood with 38 mm thickness and covered with high resistance melamine paper. ABS 2 mm thick perimeter edging in the same colour as the sides, the corners are rounded and comply to accident prevention standards. The sides are connected to the top by means of metal junctions and are equipped with ABS levelling feet. The under top cross panel is made of class E1 formaldehde gas release conglomerated chipboard wood with 18 mm thickness and covered with high resistance melamine paper. ABS 0,4 mm thick perimeter edging in the same colour as the sides. The cross panel is connected to the sides and top by means of metal junctions.

Structural legs made of square tubular grey or anthracite epoxy powder coated steel legs 80x80 mm equipped with leveling feet, the square tubular metal under top crossbeams are 30x30 mm.

The columns are made of white, grey or anthracite epoxy powder coated steel and have a 120 mm diameter, the round base is 700 mm in diameter.

The structural legs for return desks are made of square tubular white, grey or anthracite epoxy powder coated steel 80x80 mm equipped with levelling feet. Meeting tables central strip of 4500-6000 mm upholstered in leather or in 38mm thick conglomerated chipboard wood with melamine resin. *Cable duct holes, flaps ad all electrification elements may be applied (where possible) on all furnishings, see the "accessories" section.*

Royal system

DESCRIZIONI TECNICHE

Elementi servente

Mobili servente modulare componibile con contenitori a giorno, contenitori con ante e cassettiere. Casse realizzate in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza, bordo perimetrale in ABS spessore mm 0,4. Frontali cassetti in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza bordati in ABS mm 2 da tutti i lati. Maniglie in zamac colore bianco, grigio o antracite. Anta in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza bordati in ABS mm 2 da tutti i lati. Maniglie in zamac colore bianco, grigio o antracite.

Cassettiera con interno cassetto in melaminico rivestito in PVC finitura grigio alluminio, guide metalliche trattate anticorrosione e arresto di fine corsa. Serratura con chiave pieghevole in duplice copia a chiusura simultanea dei cassetti. I cassetti sono dotati di chiusura ammortizzata. Top in in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza con bordi perimetrali in ABS spessore mm 2 dello stesso colore. Tutte le composizioni sono dotati di quattro piedini.

Cassettiera e mobile di servizio

Struttura costituita da base, cappello, fianchi e retro realizzata in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrale in ABS sp. 0,4 mm.

Frontali e top in melaminico sp. 18 mm bordati in ABS sp. 1mm.

Cassetti ammortizzati con vaschetta porta cancelleria. Interno cassetto realizzato in conglomerato ligneo ricoperto in PVC grigio e fondo in MDF sp. 3mm.

Sistema di scorrimento su guide metalliche a rullo con cuscinetti in nylon, compresi di serratura a chiusura centralizzata fornita di doppia chiave numerata e pieghevole anti-infortunistica.

Ruote piroettanti con freno in nylon. Maniglia in zamak con passo 128mm.

TECHNICAL DESCRIPTIONS

Service unit elements

Modular service unit with open cabinets, cabinets with doors and drawers. The cabinets are made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper, ABS 0,4mm thick perimeter edging. The fronts are made of class E1 formaldehde gas release 18mm thick conglomerated chipboard wood with 2mm ABS edging on all sides. The handles are in white, grey or anthracite zinc alloy. The door is made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper with ABS 2mm thick perimeter edging on all sides. The handles are in white, grey or anthracite zinc alloy. The inside of drawers are coated with an aluminium grey PVC finish and have guided anti corrosion treated metal runners. The chest of drawers is equipped with simultaneous drawer locking by means of a foldable key in duplicate copies. The drawers are equipped with a cushioned closure. The top is made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper with ABS 2mm thick perimeter edging in the same colour. All of the elements are equipped with four feet.

Chest of drawers and service unit

The structure is composed of a base, top, sides and back made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper, ABS 0,4mm thick perimeter edging. Melamine 18mm thick fronts and top with 1mm ABS edging.

Soft closing drawers with stationery tray. Inner drawers made of conglomerated chipboard wood covered with grey PVC and bottom in 3mm thick MDF.

Sliding system on metal roller guides with nylon bearings, including centralized locking equipped with double numbered accident prevention folding key.

Braking nylon swivel castors. Handles in zinc alloy with 128mm interaxis.

Royal cube

Elementi con scomparti misura interna mm 400*400 in varie altezze e larghezze.

•Base, cappello, fianchi e ripiani in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 25 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS spessore mm 2 dello stesso colore, con spigoli arrotondati secondo le norme anti-infortunistiche e assemblati tramite tiranti, barilotti metallici e spine in legno.

Base completa di piedini livellatori in PVC regolabili dall'interno del mobile tramite perno filettato in acciaio.

•Ante battenti, interne ai fianchi, in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 25 mm e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS spessore mm 2 dello stesso colore, con spigoli arrotondati secondo le norme anti-infortunistiche.

Sistema di chiusura push and pull con cerniere in metallo fissate ai fianchi con basetta a triplice regolazione.

•Schiena in conglomerato ligneo, classe E1 di rilascio formaldeide, spessore 18 mm e rivestito con carta melaminica ad alta resistenza inserita tra fianchi, bordi perimetrali in A BS spessore mm 0,4 della stessa finitura.

Royal cube

Elements with internal compartments measuring 400x400mm in various heights and widths.

•Base, top, sides and shelves are made of class E1 formaldehde gas release conglomerated chipboard wood with 25mm thickness and covered with high resistance melamine paper, 2mm ABS perimeter edging in the same colour with rounded corners which comply to accident prevention standards assembled by means of tie-rods, metal barrels and wooden pins. The base is equipped with PVC levelling feet adjustable from the inside of the cabinet by means of a threaded steel pin.

•Hinged doors inside the sides made of class E1 formaldehde gas release conglomerated chipboard wood with 25mm thickness and covered with high resistance melamine paper, 2mm ABS perimeter edging in the same colour with rounded corners which comply to accident prevention standards. Push and pull system with metal hinges fixed to the sides by means of a triple adjustable base.

•Back made of class E1 formaldehde gas release conglomerated chipboard wood with 18mm thickness and covered with high resistance melamine paper inserted between the sides. ABS 0,4mm thick perimeter edging in the same colour.
